SAN FRANCISCO, May 11, 2026 (GLOBE NEWSWIRE) -- Life360, Inc. (Life360 or the Company) (NASDAQ: LIF, ASX: 360), the provider of the market leading family safety and connection mobile application, today announced unaudited financial results for the first quarter (Q1'26) ended March 31, 2026.

Building on the momentum of prior quarters, the Company achieved record-breaking results across key metrics, including Paying Circles, Global Net Additions, Subscription Revenue, Annualized Monthly Revenue, and Advertising Revenue.

"Life360 has become a meaningful part of everyday family life for more than 97 million people who use Life360 to keep their families safe and connected," said Life360 Chief Executive Officer Lauren Antonoff. "The value we deliver to our members powered record-breaking Paying Circle additions in Q1. At the same time, our Life360 Ads platform scaled to become a material part of our business. And with AI, we're moving faster than ever to transform Life360 into the super app that makes everyday family better."

"Life360 delivered strong growth and financial performance in Q1'26," said Chief Financial Officer Russell Burke. "Quarterly revenue grew 38% year-over-year to \$143.1 million, and our Annualized Monthly Revenue of \$517.9 million was up 32% year-over-year. We are disclosing our Advertising Revenue separately for the first time this quarter, which reached \$19.7 million in the quarter and was up 329% year-over-year, as the Life360 Advertising Platform took flight following the closing of the Nativio acquisition."

"We ended Q1'26 with \$459.0 million in cash, cash equivalents, restricted cash, and short-term investments, a significant increase from \$170.4 million a year ago at this time, primarily driven by the net proceeds from our June 2025 convertible notes offering and operating cash flows generated over the last twelve months. In Q1'26 alone, we generated operating cash flows of \$17.2 million, up 42% year-over-year.

"Looking ahead, we expect revenue growth acceleration into the back half of 2026 driven by both our core subscription business and our advertising platform entering its strongest seasonal window. We will continue to invest in strategic initiatives including international expansion, advertising platform scaling, and product innovation, while remaining committed to balancing growth investment with margin expansion."

- Q1'26 hardware revenue decreased 49% YoY to \$4.5 million, primarily driven by a 25% decrease in net hardware units shipped and an increase in discounts and returns largely related to the strategic exit of our brick-and-mortar retail channel.
- Q1'26 advertising revenue increased 329% YoY to \$19.7 million, primarily driven by growth in managed advertising revenue¹⁴ following the acquisition of Nativo.
- Q1'26 other revenue increased 30% YoY to \$10.7 million due to higher data revenue from increased data volumes resulting from user growth as well as an increase in partnership revenue.

Core Subscription Revenue

- Core subscription revenue represents GAAP subscription revenue from the Life360 mobile application and excludes subscription revenue from non-core offerings, including hardware-related subscriptions, for the reported period. Core subscription revenue represents revenue derived from, and the overall success of, our core product offering. Q1'26 core subscription revenue increased 36% YoY primarily driven by a 27% YoY increase in Paying Circles and a 7% higher ARPPC.¹⁵

Gross Margin	77%	81%
Gross Margin (Subscription Only)	87%	88%

- Q1'26 gross margin decreased to 77% from 81% in the prior year, primarily due to the inclusion of a broader range of advertising products with different margins following the acquisition of Nativo and an increase in hardware discounts and returns largely attributable to the strategic exit of the brick-and-mortar retail channel.

Research and development	\$ 39.3	\$ 30.4

Total operating expenses	\$ 118.6	\$ 81.4
<i>Total operating expenses as % of revenue</i>	83%	79%

- Q1'26 operating expenses increased 46% YoY, primarily reflecting higher personnel-related costs due to Company growth and the acquisition of Nativo, as well as increased growth media spend. As a result, operating expenses as a percentage of revenue increased to 83% from 79%.
- Q1'26 research and development costs increased 29% YoY, primarily driven by higher personnel-related and technology costs due to Company growth and the acquisition of Nativo.
- Q1'26 sales and marketing costs increased 62% YoY, primarily driven by a strategic increase in growth media spend to support new initiatives, higher app store commissions (commissions paid to our channel partners), which represent over one-third of total sales and marketing expense and increased in line with subscription revenue growth, and an increase in sales force personnel-related and other costs in connection with the acquisition of Nativo.

- Q1'26 general and administrative expenses increased 43% YoY, primarily driven by higher personnel-related costs attributable to Company growth, warehouse relocation costs, and Nativo integration costs.

Cash Flow

	<i>(unaudited)</i>	
(\$ millions)		
Net cash provided by operating activities	\$ 17.2	\$ 12.1
Net cash used in investing activities	(163.6)	(4.3)
Net cash provided by financing activities	3.4	2.2
Net Increase (Decrease) in Cash, Cash Equivalents, and Restricted Cash	(143.0)	9.9
Cash, Cash Equivalents, and Restricted Cash at the End of the Period	\$ 352.9	\$ 170.4

- Life360 ended Q1'26 with cash, cash equivalents and restricted cash of \$352.9 million, a decrease of \$143.0 million from Q4'25, reflecting cash used for the acquisition of Nativo and the purchase of short-term investments.
- Q1'26 operating cash flow was \$17.2 million. This was offset by \$163.6 million used in investing activities primarily related to purchases of short-term investments and the acquisition of Nativo. Financing activities provided an additional \$3.4 million primarily from the monetization of tariff refund claims and the exercise of stock options.
- Q1'26 net cash provided by operating activities of \$17.2 million was higher than Adjusted EBITDA of \$17.1 million primarily due to the timing of receipts and payables. See the Adjusted EBITDA section below for the definition and reconciliation of Adjusted EBITDA.
- Cash, cash equivalents and restricted cash increased \$182.5 million YoY. The increase was primarily driven by net proceeds from the issuance of the June 2025 convertible notes and cumulative positive operating cash flow. This was primarily offset by \$106.4 million in purchases of short-term investments and \$55.6 million of net cash paid for the acquisition of Nativo.

Adjusted EBITDA

To supplement our consolidated financial statements prepared and presented in accordance with GAAP, we use certain non-GAAP financial measures, as described below, to facilitate analysis of our financial and business trends and for internal planning and forecasting purposes. For more information, see the "Supplementary and Non-GAAP Financial Information" section below.

Non-GAAP financial measures include adjusted earnings before interest, taxes, depreciation and amortization (Adjusted EBITDA) and Adjusted EBITDA Margin. Adjusted EBITDA is defined as net income, excluding (i) loss on change in fair value of investment, (ii) benefit from income taxes, (iii) depreciation and amortization, (iv) interest income, (v) other income (expense), net, (vi) acquisition-related transaction and integration costs, (vii) stock-based compensation, (viii) channel restructuring costs, and (ix) warehouse relocation costs. These items are excluded from Adjusted EBITDA because they are non-cash in nature, because the amount and timing of these items are unpredictable, or because they are not driven by core results of operations and render comparisons with prior periods and competitors less meaningful.

The following table presents a reconciliation of Net income, the most directly comparable GAAP measure, to Adjusted EBITDA:

	Three Months Ended March 31,	
	2026	2025
(\$ thousands, except percentages)		
Net income	\$ 2,779	\$ 4,378
<i>Net income margin</i>	2%	4%

Warehouse relocation costs ²¹	606	—
Adjusted EBITDA	\$ 17,099	\$ 15,933
<i>Adjusted EBITDA margin</i>	12%	15%

- Q1'26 delivered Adjusted EBITDA of \$17.1 million, up 7% from \$15.9 million in Q1'25, driven by continued strong subscription and advertising revenue growth.

Earnings Guidance²²

For FY'26, Life360 expects to deliver:

- MAU growth of 17% to 20%, weighted toward the second half of the year;
- Consolidated revenue of \$650 million to \$685 million (YoY growth of 33% to 40%), increased from the previous range of \$640 million to \$680 million comprised of:
 - Subscription revenue of \$470 million to \$475 million increased from \$460 million to \$470 million;
 - Hardware revenue of \$40 million to \$50 million (unchanged);
 - Advertising revenue of \$98 million to \$115 million (unchanged);
 - Other revenue of \$42 million to \$45 million (unchanged);
- Adjusted EBITDA² of \$130 million to \$140 million, increased from the previous range of \$128 million to \$138 million, which represents a margin of approximately 20%. As previously disclosed, due to timing of investments to support our growth, and typical seasonality, we anticipate Adjusted EBITDA to be lightly weighted in the first half of 2026, and heavily weighted in the second half of 2026.

As such, you should consider these non-GAAP financial measures in addition to other financial performance measures presented in accordance with GAAP, including various cash flow metrics, net income, and our other GAAP results.

Non-GAAP cost of revenue is presented to understand margin economically and non-GAAP operating expenses are presented to understand operating efficiency. Non-GAAP cost of revenue and Non-GAAP operating expenses present direct and indirect expenses adjusted for non-cash expenses, such as stock-based compensation, depreciation and amortization, and non-recurring expenses, such as workplace restructuring costs, warehouse relocation costs, channel restructuring costs, and acquisition-related transaction and integration costs.
