These materials are for informational purposes only. This presentation contains summary information about the Company and its activities and is current as of the date of this presentation. This presentation does not purport to be all-inclusive or to contain all of the information you may desire. It should be read in conjunction with the Company's periodic and continuous disclosure announcements filed with the Australian Securities Exchange and the U.S. Securities and Exchange Commission ("SEC"), available at [www.asx.com.au](http://www.asx.com.au) and [www.sec.gov](http://www.sec.gov), respectively.

These materials do not constitute an offer, invitation, solicitation or recommendation with respect to the purchase or sale of any security in the Company or interest therein nor does it constitute financial product advice. These materials are not a prospectus, product disclosure statement or other offer document under Australian law or under any other law. These materials have not been filed, registered or approved by regulatory authorities in any jurisdiction. This communication is restricted by law; it is not intended for distribution to, or use by any person in, any jurisdiction where such distribution or use would be contrary to local law or regulation.

The information contained in these materials is not intended to be relied upon as advice or a recommendation to investors and is not intended to form the basis of any investment decision in the Company's securities. The information does not take into account the investment objectives, financial situation, taxation situation or needs of any particular investor. An investor must not act on the basis of any matter contained in these materials but must make its own assessment of the Company and conduct its own investigations and analysis. Investors should assess their own individual financial circumstances and consider talking to a financial adviser, professional adviser or consultant before making any investment decision.

By reading these materials you agree to be bound by the limitations set out in these materials. No representation or warranty, express or implied, is made as to the accuracy, reliability, completeness or fairness of the information, opinions, forecasts, reports, estimates and conclusions contained in these materials. The Company does not undertake any obligation to provide any additional information nor update or revise the information in these materials nor correct any inaccuracies or omissions. To the maximum extent permitted by law, none of the Company and its related bodies corporate, or their respective directors, employees or agents, nor any other person accepts any responsibility nor any liability for loss arising from the use of or reliance on information contained in these materials or otherwise arising in connection with it, nor in relation to any other written or oral information or opinions provided now or in the future to the recipient or its advisers and representatives,

including without limitation any liability from fault of negligence.

Past performance is not indicative of future performance and no guarantee of future returns is implied or given. Nothing contained in these materials nor any information made available to you is, or shall be relied upon as, a promise, representation, warranty or guarantee as to the past, present or the future performance of the Company.

Certain statements in these materials constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 ("PLSRA"), Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Statements that are not historical in nature, including the words "anticipate", "expect", "suggests", "plan", "believe", "intend", "estimates", "targets", "projects", "should", "could", "would", "may", "will", "forecast," "opportunity," "goal," "vision," "outlook" and other similar expressions are intended to identify forward-looking statements. These forward-looking statements include, but are not limited to, statements regarding: the Company's growth strategy and business plan and the Company's ability to effectively manage its growth and meet future capital requirements; the Company's expectations regarding future financial performance, including its expectations regarding its revenue, revenue growth, adjusted EBITDA, and operating cash flow, and the Company's ability to achieve or maintain future profitability; the Company's ability to further penetrate its existing member base, maintain and expand its member base and increase monetization of its member base; the Company's ability to expand internationally and the significance of its global opportunity; the Company's ability to anticipate market needs or develop new products and services or enhance existing products and services to meet those needs; and the Company's ability to increase sales of its products and services. Such forward-looking statements are prediction, projections and other statements about future events that are based on current expectations and assumptions and, as a result, involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company and which may cause actual results, performance or achievements to differ materially from those expressed or implied by such statements. Forward-looking statements are provided as a general guide only, and should not be relied on as an indication or guarantee of future performance. They can be affected by inaccurate assumptions we might make or by known or unknown risks or uncertainties. Given these uncertainties, recipients are cautioned to not place undue reliance on any forward-looking statement. Forward-looking statements speak only as of the date they are made. Subject to any continuing obligations under applicable law the Company disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statements in these materials to reflect any change in expectations in relation to such forward-looking statements or any change in

events, conditions or circumstances on which any such statement is based.

This presentation contains certain measures of financial performance not determined in accordance with U.S. generally accepted accounting principles ("GAAP"), including EBITDA, Adjusted EBITDA, Adjusted EBITDA margin, and non-GAAP Operating Expenses (the "non-GAAP financial measures"). The non-GAAP financial measures are used by Company management to evaluate financial performance of, and determine resource allocation for, each of the Company's operating segments. Items excluded from each of the non-GAAP financial measures are significant components in understanding and assessing financial performance. The non-GAAP financial measures should not be considered in isolation, or as alternatives to, or substitutes for, net income, net income margin, income from operations, cash flows generated by operations, investing or financing activities, or other financial statement data presented in the Company's consolidated financial statements as indicators of financial performance or liquidity. Because the non-GAAP financial measures are not measurements determined in accordance with GAAP and are thus susceptible to varying definitions, the non-GAAP financial measurements as presented may not be comparable to other similarly titled measures of other companies. Please refer to the Appendix beginning on slide 42 of this presentation for a reconciliation of these financial measures to the most directly comparable financial measure prepared in accordance with GAAP.

Other revenue (\$M)

Other Revenue as % of total consolidated revenue (Q2'24)

- Q2'24 Other revenue growth of 12% YoY reflects modest initial impacts of advertising revenue and additional revenue from existing data and partnership agreements
- Q1'23 YoY revenue decline reflects transition to single data arrangement

- Expectation of significant long term growth potential as part of broader advertising and free user monetization strategy

# 2024 Outlook

# Outlook

Life360 has updated its 2024 earnings guidance and expects to deliver the following metrics which include both the early revenue and set-up costs for the new advertising business, as well as an intentional reallocation of paid acquisition and other marketing costs from Q2'24 to Q3'24, resulting in a spend of approximately \$6.0 million more than in Q2'24 related to back to school and the new product launch for Tile:

- Consolidated revenue of \$370 million - \$378 million (upgraded from \$365 million - \$370 million), with Core subscription revenue<sup>1</sup> growth of 25%+ YoY (upgraded from 20%+ YoY);
  - Includes anticipated additional revenue of \$1-2 million from the extended Placer.ai partnership agreement;
- Positive Adjusted EBITDA<sup>2</sup> of \$36 million - \$41 million (upgraded from \$30 million - \$35 million);
- EBITDA<sup>2</sup> loss of \$(8) million to \$(13) million; including the \$5.8 million in IPO-related transaction costs;
- Positive Operating Cash Flow for each quarter of 2024; and
- Year-end cash, cash equivalents and restricted cash of \$150 million - \$160 million. The forecast includes expected significantly higher outflows from RSU settlements, the anticipated investment in Hubble, IPO proceeds and related transaction costs, and timing variations in working capital in Q4'24 related to hardware inventory and the new product launch.

The company expects to continue to be Adjusted EBITDA positive on a quarterly basis going forward, to achieve positive EBITDA in Q4 due to usual seasonality, and to be consistently EBITDA positive on a quarterly basis in 2025.

<sup>1</sup> Core subscription revenue is defined as subscription revenue derived from the Life360 mobile application and excludes non-core subscription revenue which relates to other hardware related subscription offerings.

<sup>2</sup> For definitions of EBITDA and Adjusted EBITDA and the use of these non-GAAP measures, as well as a reconciliation of Net Loss to EBITDA and Adjusted EBITDA see Appendix 3

We collect and analyze operating and financial data to evaluate the health of our business, allocate our resources and assess our performance.

### EBITDA and Adjusted EBITDA

In addition to total revenue, net loss and other results under GAAP, we utilize non-GAAP calculations of earnings before interest, taxes, depreciation and amortization (“EBITDA”) and adjusted earnings before interest, taxes, depreciation and amortization (“Adjusted EBITDA”). EBITDA is defined as net loss, excluding (i) convertible notes and derivative liability fair value adjustments, (ii) gain and loss on settlement of convertible notes and derivative liability (iii) provision for income taxes, (iv) depreciation and amortization and (v) other income, net. Adjusted EBITDA is defined as net loss, excluding (i) convertible notes and derivative liability fair value adjustments, (ii) gain and loss on settlement of convertible notes and derivative liability (iii) provision for income taxes, (iv) depreciation and amortization, (v) other income, net, (vi) stock-based compensation, (vii) IPO-related transaction costs, (viii) workplace restructuring costs, (ix) the write-off of obsolete inventory, and (x) the adjustment in connection with membership benefit.

These items are excluded from EBITDA and Adjusted EBITDA because they are non-cash in nature, because the amount and timing of these items are unpredictable, or because they are not driven by core results of operations and render comparisons with prior periods and competitors less meaningful. We believe EBITDA and Adjusted EBITDA provide useful information to investors and others in understanding and evaluating our results of operations, as well as providing useful measures for period-to-period comparisons of our business performance. Moreover, we have included EBITDA and Adjusted EBITDA in this presentation because they are key measurements used by our management team internally to make operating decisions, including those related to operating expenses, evaluate performance, and perform strategic planning and annual budgeting. However, these non-GAAP financial measures are presented for supplemental informational purposes only, should not be considered a substitute for or superior to financial information presented in accordance with GAAP, and may be different from similarly titled non-GAAP financial measures used by other companies. As such, you should consider these non-GAAP financial measures in addition to other financial performance measures presented in accordance with GAAP, including various cash flow metrics, net loss and our other GAAP results.

The table presents a reconciliation of net loss, the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA.

## APPENDIX 3

# Non-GAAP Financial Measures cont'd

The following table presents a reconciliation of net loss, the most directly comparable GAAP measure, to Adjusted profit from ordinary activities after tax.

\$M	Three Months Ended June 30,	
	2024	2023
Net loss	(11.0)	(4.4)
Stock-based compensation	10.8	9.3
IPO-related transaction costs, including secondary offering costs	5.8	—

Amortization attributable to intangible assets in connection with acquisitions	2.2	2.2
<b>Adjusted profit from ordinary activities after tax</b>	<b>7.8</b>	<b>5.4</b>

### Adjusted profit from ordinary activities after tax

Adjusted profit from ordinary activities after tax is defined as net loss, excluding (i) stock-based compensation, (ii) IPO-related transaction costs, (iii) workplace restructuring costs, (iv) adjustment in connection with membership benefit and (v) amortization attributable to intangible assets in connection with acquisitions. The above items are excluded from net loss because they are non-cash in nature, because the amount and timing of these items are unpredictable, or because they are not driven by core results of operations and render comparisons with prior periods and competitors less meaningful. This non-GAAP financial measure is presented for supplemental informational purposes only, should not be considered a substitute for or superior to financial information presented in accordance with GAAP, and may be different from similarly titled non-GAAP financial measures used by other companies. As such, you should consider this non-GAAP financial measure in addition to other financial performance measures presented in accordance with GAAP, including various cash flow metrics, net loss and our other GAAP results.

<sup>1</sup> Relates to non-recurring personnel and severance related expenses in connection with the workplace restructuring announced on January 12, 2023

<sup>2</sup> Relates to an adjustment recorded to reduce product costs recorded to cost of revenue in connection with the discontinuation of certain battery related membership benefits.
