# Life360 Reports Record Q4 2025 Results

*Monthly Active Users Reached Approximately 95.8 million; Up 20% Year-Over-Year  
Record Annual Global Net Additions of 576 thousand Paying Circles, Reaching 2.8 million Total  
Total Annual Revenue Grew 32% Year-Over-Year to \$489.5 million  
Annualized Monthly Revenue Increased 30% Year-Over-Year to \$478.0 million  
Record Annual Adjusted EBITDA of \$93.2 million*

SAN FRANCISCO, California. Life360, Inc. (Life360 or the Company) (NASDAQ: LIF, ASX: 360), the provider of the market leading family safety and connection mobile application, today announced unaudited financial results for the fourth quarter (Q4) and audited financial results for the full year ended December 31, 2025.

Building on the momentum of prior quarters, the Company achieved record-breaking results across key metrics, including Monthly Active Users (MAU), Paying Circles, Global Net Additions, Subscription Revenue, Annualized Monthly Revenue, Net Income, and Adjusted EBITDA.

"2025 was a landmark year for Life360. For the first time in company history, we achieved annual net income, reflecting both the fundamental strength of our freemium model and the operating discipline we've built over the past several years," said Life360 Chief Executive Officer Lauren Antonoff. "We exited the year with 95.8 million monthly active users, 2.8 million Paying Circles with record annual net additions, full-year revenue growth of 32%, and 105% growth of Adjusted EBITDA."

"Beyond the numbers, we made significant progress building our family super app platform in 2025. We introduced Pet GPS, our first fully in-house created device, and launched simultaneously across five global markets. We acquired Fantix, enabling proprietary location-based Place Ads and attribution measurement with Uplift. And we completed the Nativo acquisition in January 2026, creating a full-stack advertising platform with Fortune 500 relationships and thousands of publishers. Together, these initiatives establish Life360 as a multi-engine platform combining subscription excellence with emerging advertising scale.

"We are deep into the transition to become an AI-first company. Organization-wide active AI adoption has grown to over 95%, accelerating our execution and expanding what's possible for families on our platform. We see AI as an opportunity to accelerate our path and deepen our moat. Our core use case is durable because it is anchored in real people moving through the physical world, generating data that further deepens our advantage.

"These accomplishments bring us closer to achieving our strategic goals of surpassing 150 million MAU and \$1 billion in annual revenue, delivering consistent Adjusted EBITDA margin expansion on our path to above 35%. We enter 2026 with accelerating Paying Circles growth, our multi-engine business model scaling, and strong conviction in our ability to deliver substantial value for Life360 members, advertisers, partners, and shareholders."

"Life360 delivered strong financial performance in 2025, exceeding our guidance across all key metrics," said Chief Financial Officer Russell Burke. "Full year revenue grew 32% year-over-year to \$489.5 million, and Adjusted EBITDA grew 105% year-over-year to \$93.2 million. We also achieved our first full year of profitability with net income of \$150.8 million, or \$32.5 million after excluding a significant one-time, non-cash tax benefit of \$118.4 million,<sup>1</sup> demonstrating the significant leverage inherent in our business model as we scale. Fourth quarter Adjusted EBITDA margin expanded to 22%, our highest quarterly margin to date, with full year margin reaching 19%.

"We ended 2025 with \$495.8 million in cash, a significant increase from \$160.5 million at year-end 2024, primarily driven by operating cash flow of \$88.6 million, up 172% year-over-year, and the net proceeds from our June 2025 convertible notes offering. This provides substantial financial flexibility to invest in our highest-return growth opportunities while maintaining disciplined capital allocation.

"Looking ahead to 2026, we expect revenue growth acceleration driven by both our core subscription business and the scaling of our advertising platform. We plan to invest in strategic initiatives including international expansion, advertising platform scaling, and continued product innovation, while remaining committed to balancing growth investment with margin expansion, and we are on track to achieving our strategic target of above 35% Adjusted EBITDA margin."

## Q4'25 Financial Highlights

- Total Q4'25 revenue of \$146.0 million, a YoY increase of 26%, with total subscription revenue of \$102.5 million, up 30% YoY and core subscription revenue<sup>2</sup> of \$97.3 million, up 33% YoY.
- Annualized Monthly Revenue (AMR) of \$478.0 million, up 30% YoY.
- Q4'25 Net Income of \$129.7 million, up 1,426% YoY, includes a one-time, non-cash tax benefit of \$118.4 million.<sup>1</sup>
- Adjusted EBITDA<sup>3</sup> of \$32.4 million increased 53% over \$21.2 million in Q4'24.
- Positive Operating Cash Flow of \$36.8 million, up 199% YoY.
- Quarter-end cash, cash equivalents and restricted cash of \$495.8 million, an increase of \$335.3 million from Q4'24, which was primarily the result of net capital raised from the issuance of the June 2025 convertible notes.

## Q4'25 Operating Highlights

- Q4'25 global MAU net additions of 4.2 million lifted total MAU to approximately 95.8 million, up 20% YoY.
- Q4'25 global Paying Circle net additions totaled 132 thousand, with full-year 2025 net additions of 576 thousand representing the largest annual subscriber net adds on record. Total Paying Circles grew 26% YoY to 2.8 million.
- Average Revenue Per Paying Circle (ARPPC) increased 6% YoY primarily due to U.S. price increases for new and existing annual subscribers implemented in the second half of 2024 and continuing into 2025, a shift in product mix toward higher-priced offerings, and the introduction of higher-priced membership tiers across select international markets throughout 2024 and 2025.

- Global MAU increased 20% YoY to approximately 95.8 million, with Q4'25 net additions of 4.2 million, delivering the largest Q4 user net additions in the Company's history. U.S. MAU increased 16% YoY, with Q4'25 net adds of 1.8 million. International MAU increased 26% YoY, with Q4'25 net adds of 2.4 million.
- Q4'25 global Paying Circle net additions of 132 thousand, driven by strong U.S. and international performance. U.S. Paying Circles increased 23% YoY driven by improved conversion metrics. International Paying Circles maintained strong momentum, up 32% YoY.
- Q4'25 global ARPPC increased 6% YoY. U.S. ARPPC increased 5% YoY, benefiting from price increases for new and existing annual subscribers implemented in the second half of 2024 and continuing into 2025, as well as a shift in product mix towards higher-priced offerings. Q4'25 international ARPPC increased 16% YoY, reflecting the benefit of legacy subscriber price increases, the introduction of higher-priced membership tiers in non-Triple Tier markets, and continued growth in existing Triple Tier markets.
- Q4'25 net hardware units shipped increased 3% YoY primarily driven by increased online retail demand. The Average Selling Price of hardware units shipped decreased 20% YoY primarily due to a shift in channel mix and an increase in discounts.
- December 2025 AMR increased 30% YoY, benefitting from continued subscriber growth as well as an increase in other recurring revenue.

## Operating Results

### Revenue

	Three Months Ended December 31,		Year Ended December 31,	
	2025	2024	2025	2024
(\$ millions)	<i>(unaudited)</i>			
Subscription revenue	\$ 102.5	\$ 78.8	\$ 369.3	\$ 277.8
U.S. subscription revenue	84.9	66.9	308.8	240.6
International subscription revenue	17.6	11.8	60.4	37.3
Hardware revenue	19.3	23.8	51.8	57.6
Other revenue	24.2	13.0	68.4	36.0
Total revenue	\$ 146.0	\$ 115.5	\$ 489.5	\$ 371.5

- Q4'25 total subscription revenue increased 30% YoY to \$102.5 million, primarily driven by growth in Paying Circles.
- Q4'25 hardware revenue decreased 19% YoY to \$19.3 million as higher unit shipments were more than offset by increased promotional and competitive discounts and lower revenue related to bundled offerings.
- Q4'25 other revenue increased 86% YoY to \$24.2 million due to increases in data and partnership revenue, which includes advertising revenue, and is primarily due to an increased number of partners and higher spend under existing arrangements.

### Core Subscription Revenue

- Core subscription revenue is defined as GAAP subscription revenue derived from the Life360 mobile application and excludes non-core subscription revenue, which we define as GAAP subscription revenue from other hardware related subscription offerings, for the reported period. Core subscription revenue represents revenue derived from, and the overall success of, our core product offering. Q4'25 core subscription revenue increased 33% YoY primarily driven by a 26% YoY increase in Paying Circles and a 6% higher ARPPC.<sup>14</sup>

	Three Months Ended December 31,		Year Ended December 31,	
	2025	2024	2025	2024
(\$ millions)	<i>(unaudited)</i>			
Subscription revenue	\$ 102.5	\$ 78.8	\$ 369.3	\$ 277.8
Non-Core subscription revenue	(5.2)	(5.7)	(22.2)	(22.6)
Core subscription revenue <sup>15</sup>	\$ 97.3	\$ 73.1	\$ 347.1	\$ 255.2

Note: The financial information in this announcement may not add or recalculate due to rounding. All references to \$ are to U.S. dollars.

## Gross Profit

	Three Months Ended December 31,		Year Ended December 31,	
	2025	2024	2025	2024
(\$ millions, except percentages)	(unaudited)			
Gross Profit	\$ 109.7	\$ 85.5	\$ 380.8	\$ 279.2
Gross Margin	75 %	74 %	78 %	75 %
Gross Margin (Subscription Only)	87 %	86 %	86 %	85 %

- Q4'25 gross margin increased to 75% from 74% in the prior year, driven by a higher mix of subscription and other revenue as well as year-over-year margin improvement in both categories.

## Operating Expenses

	Three Months Ended December 31,		Year Ended December 31,	
	2025	2024	2025	2024
(\$ millions)	(unaudited)			
Research and development	\$ 33.3	\$ 29.8	\$ 128.4	\$ 113.1
Sales and marketing	41.8	33.5	155.0	113.4
General and administrative	25.6	16.5	78.6	60.7
<b>Total operating expenses</b>	<b>\$ 100.7</b>	<b>\$ 79.8</b>	<b>\$ 362.0</b>	<b>\$ 287.1</b>
Total operating expenses as % of revenue	69 %	69 %	74 %	77 %

- Q4'25 operating expenses, excluding commissions, increased 26% YoY, while operating expenses as a percentage of revenue remained flat at 69%. For the full year, operating expenses, excluding commissions, increased 25% YoY, while operating expenses as a percentage of revenue decreased 3% YoY. These results demonstrate our ongoing focus on cost discipline and operational efficiency.
- Q4'25 research and development costs increased 12% YoY, primarily driven by higher personnel-related and technology costs due to Company growth.
- Q4'25 sales and marketing costs increased 25% YoY, primarily driven by higher commissions, which represent nearly half of total sales and marketing expense and increased in line with subscription revenue growth, as well as a strategic increase in growth media spend to support new initiatives.
- Q4'25 general and administrative expenses increased 55% YoY, primarily driven by higher personnel-related costs due to Company growth, as well as professional and outside services costs related to acquisitions.

## Cash Flow

	Three Months Ended December 31,		Year Ended December 31,	
	2025	2024	2025	2024
(\$ millions)	(unaudited)			
Net cash provided by operating activities	\$ 36.8	\$ 12.3	\$ 88.6	\$ 32.6
Net cash used in investing activities	(1.4)	(6.8)	(35.3)	(10.1)
Net cash provided by (used in) financing activities	3.2	(5.2)	282.1	67.3
Net Increase in Cash, Cash Equivalents, and Restricted Cash	38.6	0.3	335.4	89.7
<b>Cash, Cash Equivalents, and Restricted Cash at the End of the Period</b>	<b>\$ 495.8</b>	<b>\$ 160.5</b>	<b>\$ 495.8</b>	<b>\$ 160.5</b>

- Life360 ended Q4'25 with cash, cash equivalents and restricted cash of \$495.8 million, an increase of \$38.6 million from Q3'25.
- Q4'25 operating cash flow was \$36.8 million. This was offset by \$1.4 million used in investing activities primarily for internally developed software. Additionally, \$3.2 million was provided by financing activities primarily from the exercise of stock options.

Note: The financial information in this announcement may not add or recalculate due to rounding. All references to \$ are to U.S. dollars.

- Q4'25 net cash provided by operating activities of \$36.8 million was higher than Adjusted EBITDA of \$32.4 million primarily due to the timing of receipts and payables. See the Adjusted EBITDA section below for the definition and reconciliation of Adjusted EBITDA.
- Cash, cash equivalents and restricted cash increased \$335.4 million YoY. The increase was primarily driven by \$275.4 million related to the June 2025 convertible notes and \$88.6 million in positive operating cash flow. This was primarily offset by a \$25.0 million investment in the Aura convertible notes.

## Adjusted EBITDA

To supplement our consolidated financial statements prepared and presented in accordance with GAAP, we use certain non-GAAP financial measures, as described below, to facilitate analysis of our financial and business trends and for internal planning and forecasting purposes. For more information, see the “Supplementary and Non-GAAP Financial Information” section below.

Non-GAAP financial measures include adjusted earnings before interest, taxes, depreciation and amortization (Adjusted EBITDA) and Adjusted EBITDA Margin. Adjusted EBITDA is defined as net income (loss), excluding (i) convertible notes and derivative liability fair value adjustments, (ii) gains and losses on the settlement of convertible notes and derivative liabilities, (iii) gain (loss) on change in fair value of investments, (iv) benefit from income taxes, (v) depreciation and amortization, (vi) interest income, (vii) other expense, net, (viii) acquisition and investment related transaction costs, (ix) stock-based compensation, (x) warehouse relocation costs, (xi) IPO-related transaction costs, including secondary offering costs, and (xii) workplace restructuring costs. These items are excluded from Adjusted EBITDA because they are non-cash in nature, because the amount and timing of these items are unpredictable, or because they are not driven by core results of operations and render comparisons with prior periods and competitors less meaningful.

The following table presents a reconciliation of Net income (loss), the most directly comparable GAAP measure, to Adjusted EBITDA:

	Three Months Ended December 31,		Year Ended December 31,	
	2025	2024	2025	2024
<i>(\$ thousands, except percentages)</i>

<b>Adjusted EBITDA</b>	<b>\$ 32,433</b>	<b>\$ 21,246</b>	<b>\$ 93,197</b>	<b>\$ 45,484</b>
<i>Adjusted EBITDA margin</i>	22 %	18 %	19 %	12 %

Note: The financial information in this announcement may not add or recalculate due to rounding. All references to \$ are to U.S. dollars.

- Q4'25 delivered a positive Adjusted EBITDA contribution of \$32.4 million versus \$21.2 million in Q4'24 as a result of continued strong subscription and other revenue growth as well as improved operating leverage.

## Earnings Guidance<sup>23</sup>

For FY'26, Life360 expects to deliver:

- Global MAU growth of 20% year-over-year;
- Consolidated revenue of \$640 million to \$680 million (YoY growth of 31% to 39%), comprised of:
  - Subscription revenue of \$460 million to \$470 million (YoY growth of 25% to 27%);
  - Other revenue of \$140 million to \$160 million (YoY growth of 105% to 134%);
  - Hardware revenue of \$40 million to \$50 million;
- Adjusted EBITDA<sup>3</sup> of \$128 million to \$138 million, which represents margin of approximately 20%. Due to timing of investments in initiatives to support our growth, and seasonality, we anticipate Adjusted EBITDA to be lightly weighted in the first half of 2026, and heavily weighted in the second half of 2026.

Life360 intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements regarding Life360's intentions, objectives, plans, expectations, assumptions and beliefs about future events, including Life360's expectations with respect to the financial and operating performance of its business, including subscription revenue, hardware revenue, other revenue and consolidated revenue and ability to create new revenue streams; the resiliency of Life360's core subscription business; the ability of Life360 to adapt to and mitigate the impact of macroeconomic considerations including tariffs and trade barriers; its ability to deliver contextually relevant advertisements that enhance the user experience by leveraging its extensive first-party location data; Adjusted EBITDA, and operating cash flow; expectations regarding MAU and other member metrics; its capital position; future growth and market opportunities; plans to launch new features and products; the impact of price increases and expansion of product offerings in the UK, Australia and New Zealand on future results of operations; its expectations of growth in its data business; its expectation of a new enterprise revenue stream and enhanced location capabilities of its hardware devices; its focus on developing a GPS lineup, built on Jiobit technology, the timing of new devices, and the potential for the next generation of hardware to drive a new wave of subscription growth; as well as Life360's expectations of any changes to the information disclosed herein. The words "anticipate", "believe", "expect", "project", "predict", "will", "forecast", "estimate", "likely", "intend", "outlook", "should", "could", "may", "target", "plan" and other similar expressions can generally be used to identify forward-looking statements. Indications of, and guidance or outlook on, future earnings or financial position or performance are also forward-looking statements. Investors and prospective investors are cautioned not to place undue reliance on these forward-looking statements as they involve inherent risk and uncertainty (both general and specific) and should note that they are provided as a general guide only and should not be relied on as an indication or guarantee of future performance. There is a risk that such predictions, forecasts, projections and other forward-looking statements will not be achieved. Subject to any continuing obligations under applicable law, Life360 does not undertake any obligation to publicly release the result of any revisions to these forward-looking statements to reflect events or circumstances after the date of this announcement, to reflect any change in expectations in relation to any forward-looking statements or any change in events, conditions or circumstances on which any such statements are based.

Although Life360 believes that the expectations reflected in the forward-looking statements and the assumptions upon which they are based are reasonable, Life360 can give no assurance that such expectations and assumptions will prove to be correct and, actual results may vary in a materially positive or negative manner. Forward-looking statements are subject to known and unknown risks, uncertainty, assumptions and contingencies, many of which are outside Life360's control, and are based on estimates and assumptions that are subject to change and may cause actual results, performance or achievements to differ materially from those expressed or implied by such statements. Factors that could cause actual results to differ materially from those in the forward-looking statements include risks related to the preliminary nature of financial results, risks related to Life360's business, market risks, Life360's need for additional capital, and the risk that Life360's products and services may not perform as expected, as described in greater detail under the heading "Risk Factors" in Life360's ASX and SEC filings, including its Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 2, 2026. To the maximum extent permitted by law, responsibility for the accuracy or completeness of any forward-looking statements whether as a result of new information, future events or results or otherwise is disclaimed. This announcement should not be relied upon as a recommendation or forecast by Life360. Past performance information given in this document is given for illustrative purposes only and is not necessarily a guide to future performance and no representation or warranty is made by any person as to the likelihood of achievement or reasonableness of any forward-looking statements, forecast financial information, future share price performance or any underlying assumptions. Nothing contained in this document nor any information made available to you is, or shall be relied upon as, a promise, representation, warranty or guarantee as to the past, present or the future performance of Life360.

## Supplementary and Non-GAAP Financial Information

We report our financial results in accordance with GAAP, however, management believes that certain non-GAAP financial measures, such as Adjusted EBITDA, and the other measures presented in the tables below provide useful information to investors and others in understanding and evaluating our results of operations, as well as providing useful measures for period-to-period comparisons of our business performance. Moreover, we have included non-GAAP financial measures in this media release because they are key measurements used by our management team internally to make operating decisions, including those related to operating expenses, evaluate performance, and perform strategic planning and annual budgeting.

Our non-GAAP financial measures are presented for supplemental informational purposes only, may not be comparable to similarly titled measures used by other companies and should not be used as substitutes for analysis of, or superior to, our operating results as reported under GAAP. Additionally, we do not consider our non-GAAP financial measures as superior to, or a substitute for, the equivalent measures calculated and presented in accordance with GAAP. As such, you should consider these non-GAAP financial measures in addition to other financial performance measures presented in accordance with GAAP, including various cash flow metrics, net income (loss) and our other GAAP results.

Non-GAAP cost of revenue is presented to understand margin economically and non-GAAP operating expenses are presented to understand operating efficiency. Non-GAAP cost of revenue and Non-GAAP operating expenses present direct and indirect expenses adjusted for non-cash expenses, such as stock-based compensation, depreciation and amortization, and non-recurring expenses, such as workplace restructuring costs, warehouse relocation costs, and transaction costs related to acquisitions, investments, and our IPO. A reconciliation of GAAP financial information to Non-GAAP financial information for cost of revenue and operating expenses has been provided as supplementary information below.

## Footnotes

- 1 The Company recorded a total income tax benefit of \$118.2 million for the year. This amount primarily reflects a \$118.4 million one-time, non-cash income tax benefit related to the release of a valuation allowance, driven by current and projected taxable income that supports the realizability of the Company's deferred tax assets. This was partially offset by \$0.2 million of income tax expense.
- 2 Core subscription revenue is defined as subscription revenue derived from the Life360 mobile application and excludes non-core subscription revenue which relates to other hardware related subscription offerings. For more information, including the use of this measure, refer to the "Core subscription revenue" section.
- 3 Adjusted EBITDA is a Non-GAAP measure. For more information, including the definition of Adjusted EBITDA, the use of this non-GAAP measure, as well as a reconciliation of Net Income (Loss) to Adjusted EBITDA, refer to the "Adjusted EBITDA" and "Supplementary and Non-GAAP Financial Information" sections.
- 4 Core metrics relate solely to the Life360 mobile application.
- 5 MAU is defined as a unique member who engages with our Life360 branded services each month, which includes both paying and non-paying members, and excludes certain members who have a delayed account setup.
- 6 A Paying Circle is defined as a group of Life360 members with a paying subscription that has been billed as of the end of a period.
- 7 ARPPC is defined as annualized subscription revenue recognized and derived from the Life360 mobile application, excluding certain revenue adjustments related to bundled Life360 subscription and hardware offerings, for the reported period divided by the Average Paying Circles during the same period.
- 8 Excludes revenue related to bundled Life360 subscription and hardware offerings of immaterial amounts and \$(0.8) million for the quarter and year ended December 31, 2025, respectively, and \$(0.6) million and \$(4.6) million for the quarter and year ended December 31, 2024, respectively.
- 9 Subscriptions are defined as the number of paying subscribers associated with the Life360 and Tile brands who have been billed as of the end of the period.
- 10 ARPPS is defined as annualized total subscription revenue recognized and derived from Life360 and Tile subscriptions, excluding certain revenue adjustments related to bundled Life360 subscription and hardware offerings, for the reported period divided by the average number of paying subscribers during the same period.
- 11 Net hardware units shipped represent the number of hardware tracking devices sold during the period, excluding hardware units related to bundled Life360 subscription and hardware offerings, net of returns by our retail partners and direct consumers.
- 12 Excludes revenue related to bundled Life360 subscription and hardware offerings of immaterial amounts and \$0.7 million for the quarter and year ended December 31, 2025, respectively, and \$0.4 million and \$4.3 million for the quarter and year ended December 31, 2024, respectively.
- 13 To determine the net ASP of a unit, we divide hardware revenue recognized, excluding revenue related to bundled Life360 subscription and hardware offerings, for the reported period by the number of net hardware units shipped during the same period.
- 14 Refer to the 'Key Performance Indicators' section for additional information regarding the impact of bundled offerings on KPI calculations for the periods presented.
- 15 Beginning with the second quarter of 2024, the definition of Core subscription revenue was updated and calculated in accordance with GAAP.
- 16 To reflect the change in fair value of the September 2021 Convertible Notes and derivative liability associated with the July 2021 Convertible Notes.
- 17 Relates to the settlement of the July 2021 Convertible Notes and September 2021 Convertible Notes.
- 18 Relates to the changes in fair value of the Related Party Investment and the Convertible Note Investment. Refer to the FY 2025 10-K for the definition and additional information on the Related Party Investment and Convertible Note Investment.
- 19 Includes depreciation on fixed assets and amortization of intangible assets.
- 20 Relates to costs incurred in connection with the acquisition of Nativo, Inc., the Convertible Note Investment, and the asset acquisition of Fantix, Inc., including one-time bonus payments.
- 21 Relates to non-recurring warehouse relocation costs associated with the move of certain hardware manufacturing operations.
- 22 Relates to non-recurring personnel and severance related expenses.
- 23 With respect to forward looking non-GAAP guidance, we are not able to reconcile the forward-looking non-GAAP Adjusted EBITDA measure to the closest corresponding GAAP measure without unreasonable efforts because we are unable to predict the ultimate outcome of certain significant items, which are fluid and unpredictable in nature. In addition, the Company believes such a reconciliation would imply a degree of precision that may be confusing or misleading to investors. These items include, but are not limited to, litigation costs and fair value adjustments. These items may be material to our results calculated in accordance with GAAP.
- 24 For the definitions of Non-GAAP cost of revenue and Non-GAAP operating expenses, refer to the "Supplementary and Non-GAAP Financial Information" section.

Certain statements in these materials constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 ("PLSRA"), Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Statements that are not historical in nature, including the words "anticipate", "expect", "suggests", "plan", "believe", "intend", "estimates", "targets", "projects", "should", "could", "would", "may", "will", "forecast", "opportunity", "goal", "vision", "outlook" and other similar expressions are intended to identify forward-looking statements. These forward-looking statements include, but are not limited to, statements regarding: the Company's growth strategy and business plan and the Company's ability to effectively manage its growth and meet future capital requirements; the Company's expectations regarding future financial performance, including its expectations regarding its revenue, revenue growth, adjusted EBITDA, and operating cash flow, and the Company's ability to achieve or maintain future profitability; the Company's ability to further penetrate its existing member base, maintain and expand its member base and increase monetization of its member base; the Company's ability to expand internationally and the significance of its global opportunity; the Company's ability to anticipate market needs or develop new products and services or enhance existing products and services to meet those needs; the Company's ability to increase sales of its products and services; and the Company's proposed acquisition of Nativo, its expected timing and completion, the anticipated benefits and synergies of the transaction, and the potential impact on the Company's business strategy, financial condition, and growth prospects. Such forward-looking statements are prediction, projections and other statements about future events that are based on current expectations and assumptions and, as a result, involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company and which may cause actual results, performance or achievements to differ materially from those expressed or implied by such statements. Forward-looking statements are provided as a general guide only, and should not be relied on as an indication or guarantee of future performance. They can be affected by inaccurate assumptions we might make or by known or unknown risks or uncertainties. Given these uncertainties, recipients are cautioned to not place undue reliance on any forward-looking statement. Forward-looking statements speak only as of the date they are made. Subject to any continuing obligations under applicable law the Company disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statements in these materials to reflect any change in expectations in relation to such forward-looking statements or any change in events, conditions or circumstances on which any such statement is based.

This presentation contains certain measures of financial performance not determined in accordance with U.S. generally accepted accounting principles ("GAAP"), including Adjusted EBITDA, Adjusted EBITDA margin, and non-GAAP Operating Expenses (the "non-GAAP financial measures"). The non-GAAP financial measures are used by Company management to evaluate financial performance of, and determine resource allocation for, each of the Company's operating segments. Items excluded from each of the non-GAAP financial measures are significant components in understanding and assessing financial performance. The non-GAAP financial measures should not be considered in isolation, or as alternatives to, or substitutes for, net income, net income margin, income from operations, cash flows generated by operations, investing or financing activities, or other financial statement data presented in the Company's consolidated financial statements as indicators of financial performance or liquidity. Because the non-GAAP financial measures are not measurements determined in accordance with GAAP and are thus susceptible to varying definitions, the non-GAAP financial measurements as presented may not be comparable to other similarly titled measures of other companies. Please refer to the Appendix beginning on slide 43 of this presentation for a reconciliation of these financial measures to the most directly comparable financial measure prepared in accordance with GAAP.

# Significant runway for growth across all markets along the penetration curve

## Life360 Penetration Stages Along the S-Curve:

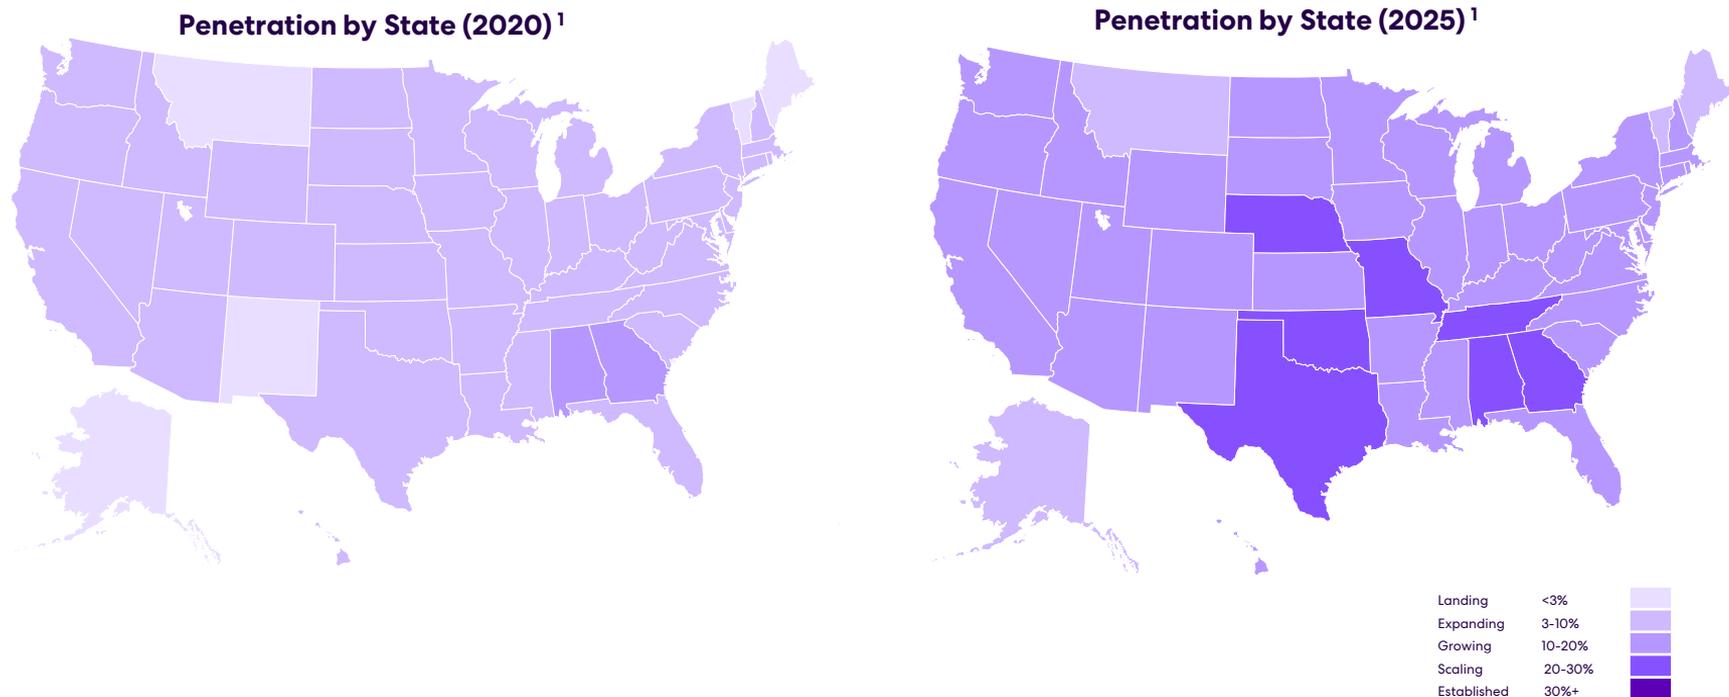

## Penetration Stages Definitions:

- 
**Landing** <3% Early market entry. Building initial user base, establishing brand awareness.
- 
**Expanding** 3-10% Accelerating user acquisition, building infrastructure, expanding distribution channels.
- 
**Growing** 10-20% Sustained momentum. Strong organic growth, word-of-mouth effects accelerating, brand recognition building.
- 
**Scaling** 20-30% Proven model accelerating. Network effects compounding, conversion optimization driving efficiency, pressing accelerator on validated approach.
- 
**Established** 30%+ Entrenched market position. Embedded in market infrastructure, defensible competitive moats, families assume you exist.
- 
**Mature** Majority of addressable market penetrated, growth driven by household formation rather than share gains, focus shifts to retention and optimization.

# Life360 Strategy

# Life360 strategy

Powerful network effects driving significant long-term growth opportunity

Grow our audience

By building a leading position as a global family brand

Scale paid offerings

By driving higher retention and conversion through increased value for members

Create new revenue streams

By meeting family needs at every life stage and strengthening relationships with members

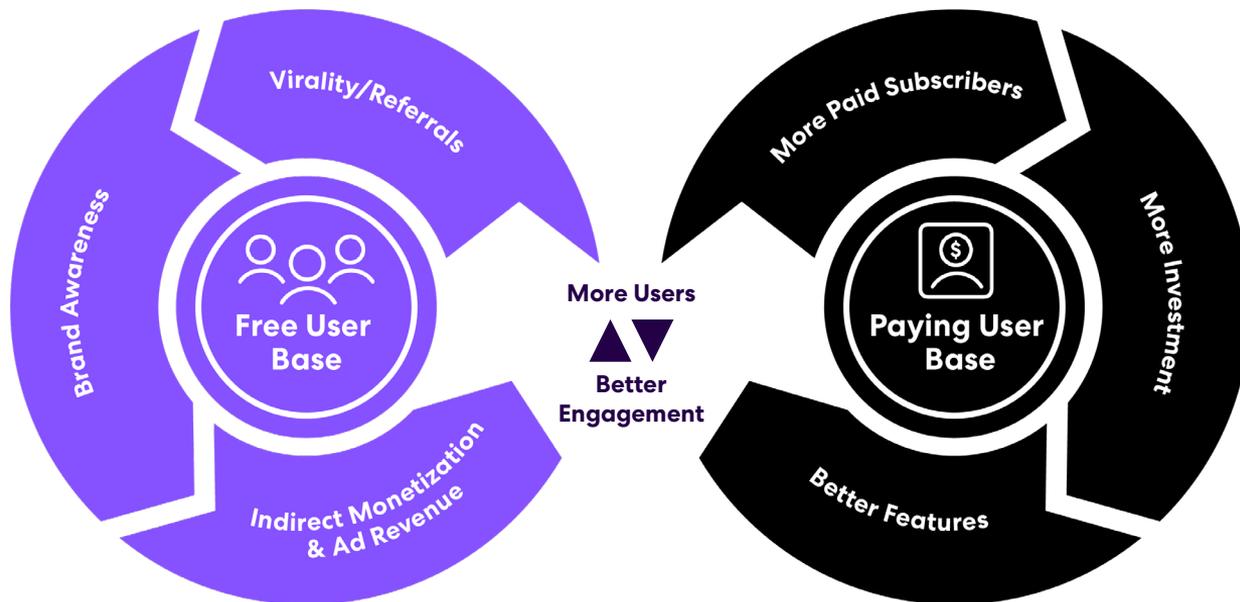

Expand profitability

By leveraging the expense base, and balancing growth investment with financial discipline

# Our freemium flywheel drives our growth

Network effects enhance new member acquisition and fuel competitive advantages

# AI makes Life360 stronger, faster and more competitive

Life360 Wins with AI by building on the foundation of family trust, real-world data and platform at scale

## Durable use case anchored in the physical world

- Our core use case has no AI substitute — it is anchored in real people moving through the physical world
- Our real world partnerships, tow truck networks and emergency services can't be shortcut with new developer tools
- With 96M+ users, 60 NPS, and a 4.8 app rating, we provide peace of mind families rely on us to deliver

## AI makes our data more valuable

- Our first-party family data is real-time, continuous and perishable. It is not synthetic and can't be scraped by LLMs — it gets more scarce and more valuable as AI advances
- Richer behavioral signals let AI optimize targeting, fill rates, and attribution across every campaign, with multiple optimization paths unique to Life360. The gap widens over time

## AI enhances our ability to delight customers

- AI moves us from reactive dashboard to proactive family platform. Today we tell you your teen left — tomorrow we connect every dot: kids have a game, who's driving, when to leave, before you ask
- From teen safety anomaly detection to proactive monitoring of aging parents, AI creates compounding value that deepens lock-in and builds pricing power

## AI is improving our execution

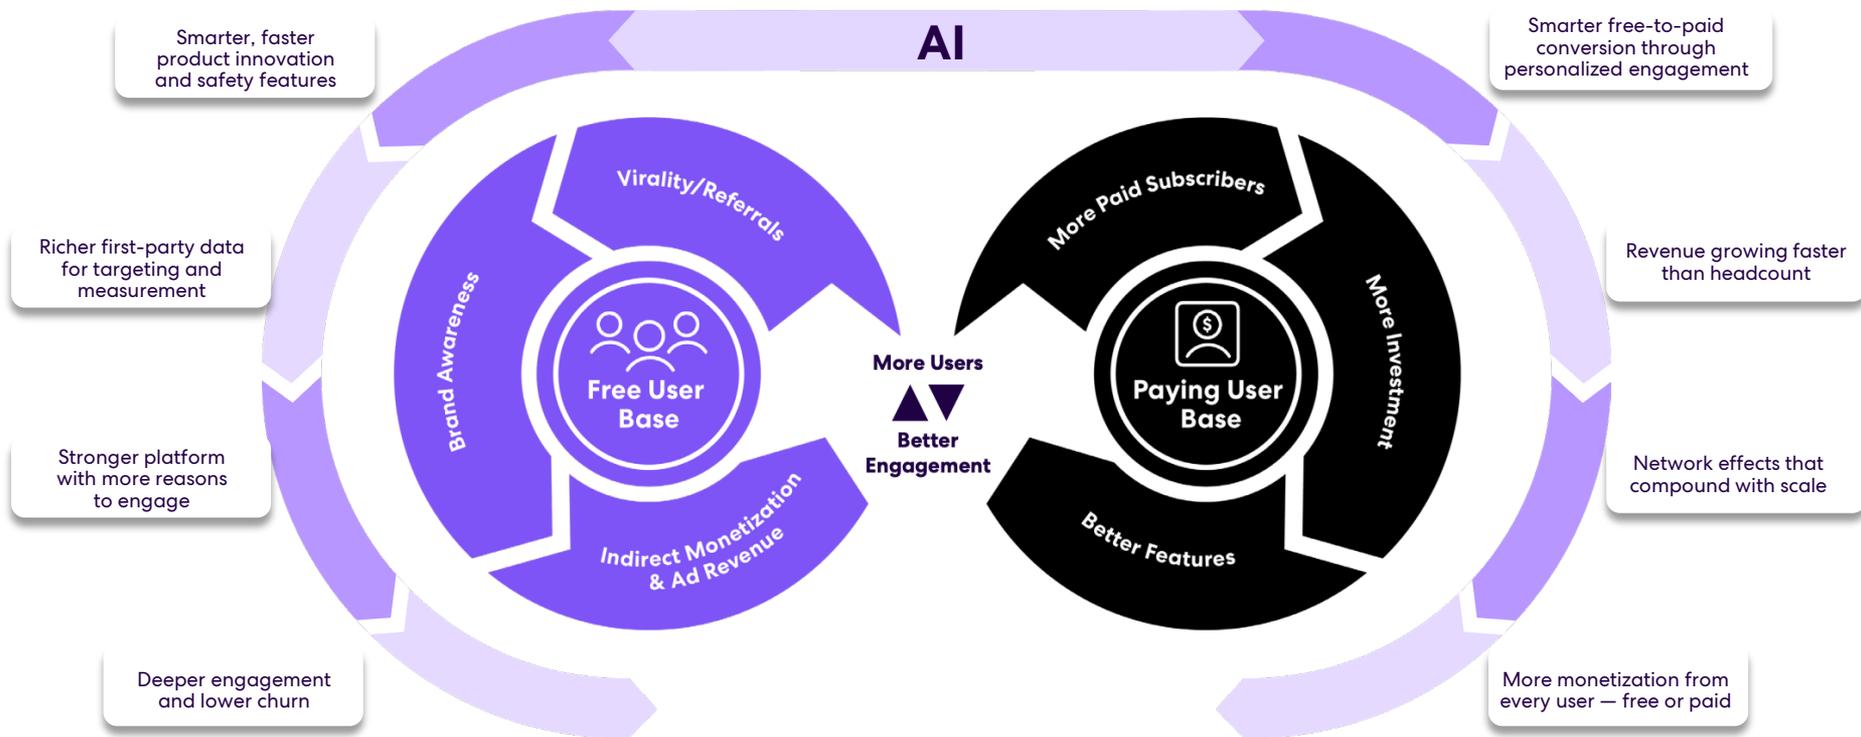

- Organization-wide AI adoption of ~95% is enabling efficiencies across the organization, resulting in faster R&D releases and customer support automation without additional headcount
  - AI is allowing us to grow revenue faster than headcount, enabling us to invest more into product capabilities and experiences that drive growth

**Life360's data, relationships, and scale: AI-proof and AI-powered.**

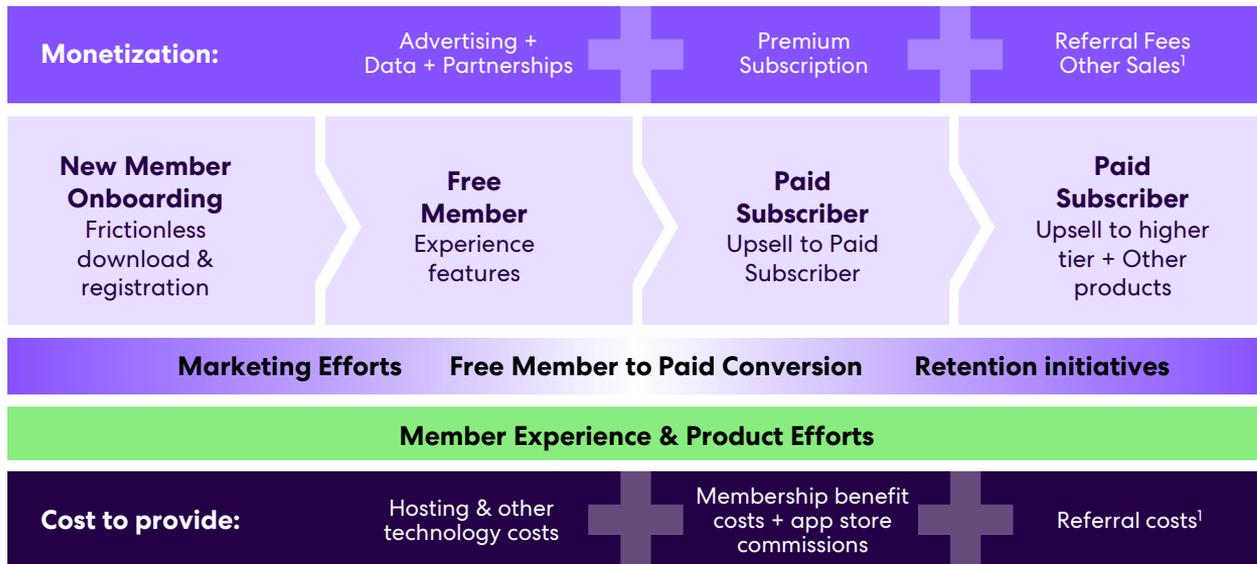

# AI accelerates our flywheel and deepens our moats

AI enhances our relationships and advantages without replicating or replacing them

# Life360's digital based freemium business

Freemium model becomes powerful at scale

- Strong word of mouth drives organic growth, supporting efficient customer acquisition spend
- Digital economics enables efficient scaling of user base, with low cost/high margin subscription services
- Growing free member base:
  - Creates a competitive moat
  - Increases premium member acquisition pool and
  - Provides indirect monetization opportunities, including advertising

## Commentary

- Continued strong subscription revenue momentum, up 33% primarily driven by Life360 core subscription revenue up 36% to \$347.1 million and growth in Paying Circles of 26%
- Hardware revenue decrease of 10%, as higher unit shipments were more than offset by increased promotional and competitive discounts and lower revenue related to bundled offerings
- Other revenue increase of 90% is primarily due to a greater number of partners and higher spend under existing arrangements
- Annualized Monthly Revenue up 30% to \$478.0 million
- Operating expenses increased 26% and declined 3% YoY as a percentage of revenue, demonstrating an ongoing focus on cost discipline and operational efficiency
- Net income of \$150.8 million impacted by a significant one-time, non-cash tax benefit. Income before income taxes was \$32.7 million
- Adjusted EBITDA expansion driven by strong subscription and other revenue growth and increased operating leverage

# Continued Strong Revenue Momentum

Quarterly Annualized Monthly Revenue (\$M)\*

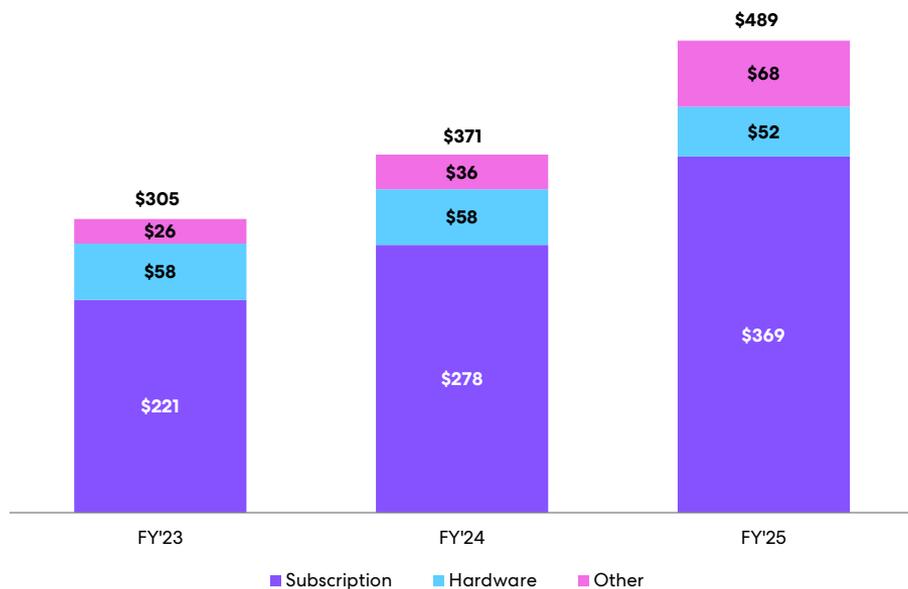

\*Annualized Monthly Revenue (AMR) is a financial measure used by the Company to identify the annualized monthly value of active customer agreements at the end of a reporting period. AMR includes the annualized monthly value of subscription, data and partnership agreements. All components of these agreements that are not expected to recur are excluded.

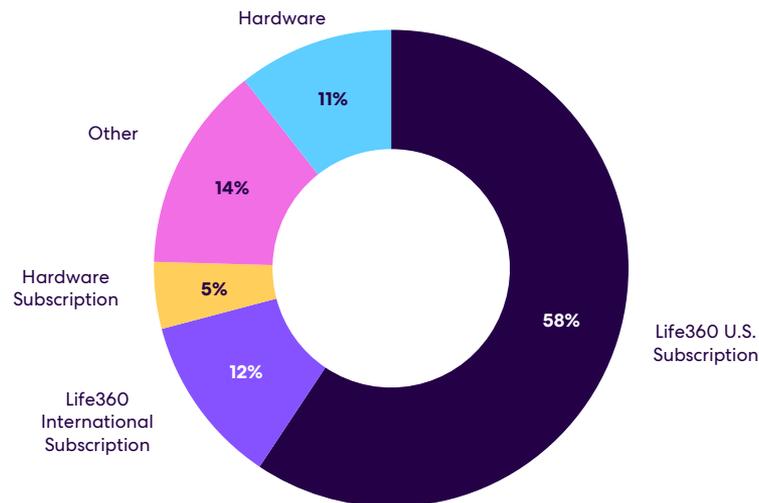

# Consolidated Revenue

FY'25 year over year growth of 32%

# Global MAU

Q4'25 year over year growth of 20%, with significant contribution from organic channels

Life360 Core Monthly Active Users (MAU) (M)

International Triple Tier countries MAU (M)

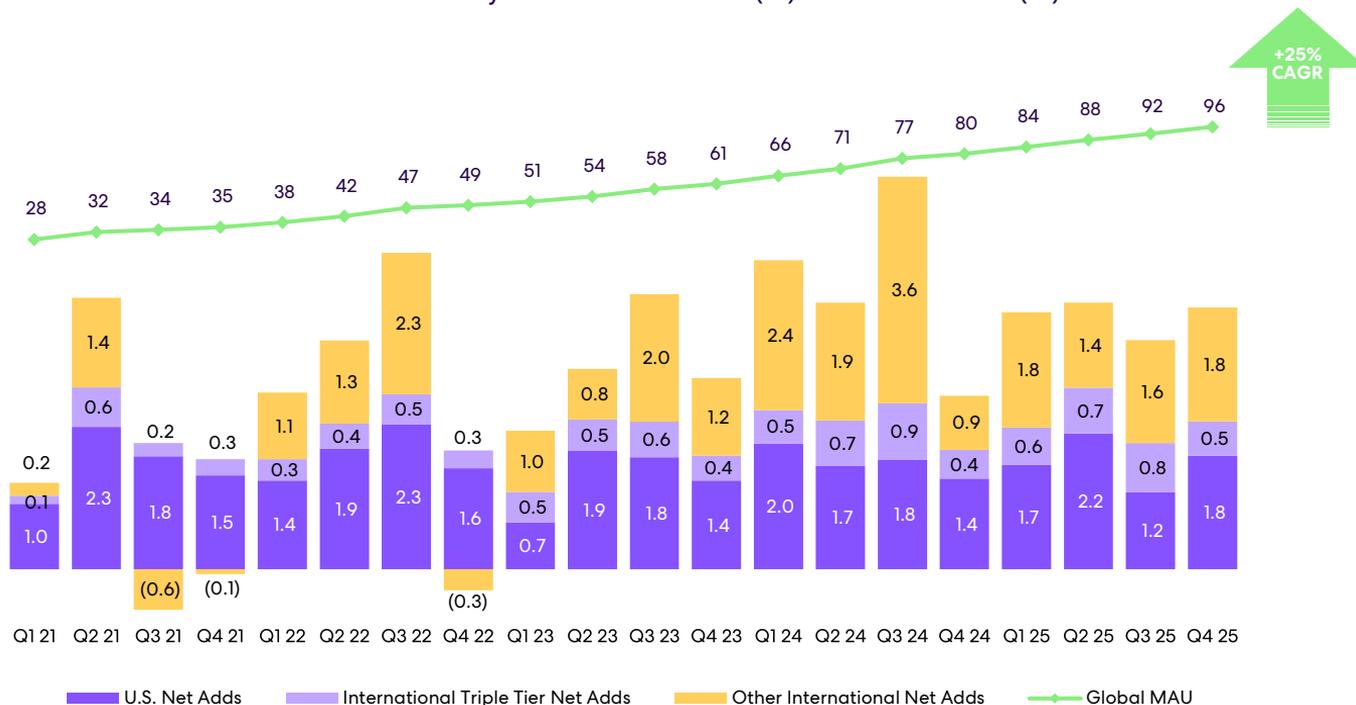

Note: Numbers may not add or recalculate due to rounding.

# Global MAU Net Additions

Q4'25 year over year growth of 51%, with significant growth internationally

Life360 Core Quarterly MAU Net Additions (M) and Global MAU (M)

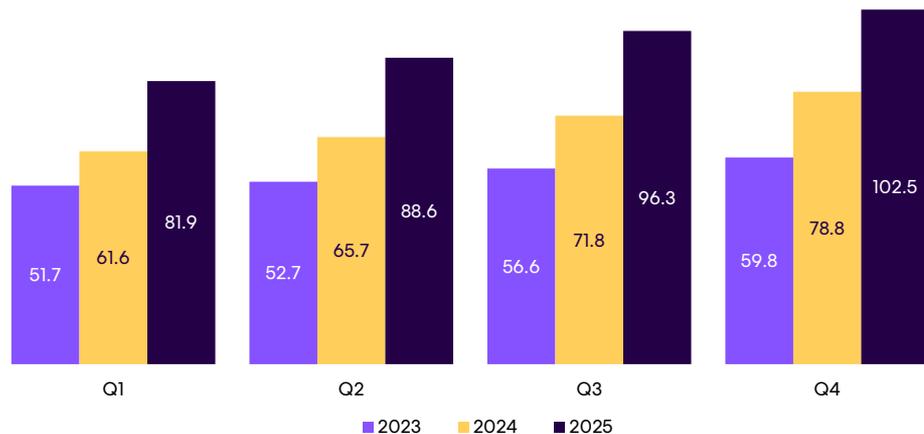

Note: Numbers may not add or recalculate due to rounding.

- Strong YoY growth across U.S. (+26%) and international (+80%)
- We reached 95.8 million MAU in Q4'25 with 16.2 million net additions for the full year, achieving our strongest Q4 net additions in Company history
- Historical variability between quarters specifically related to emerging markets and directly following quarters with high net additions
- In FY'26, we expect 20% MAU growth for the full year, while quarterly MAU net additions will continue to vary quarter to quarter

# Subscription Revenue

Q4'25 revenue growth of 30% underpinned by 26% YoY uplift in Paying Circles and 6% YoY increase in ARPPC

Consolidated Quarterly Subscription Revenue (\$M)

Global Paying Circles (000s) and Global ARPPC (\$)

- Strong subscription revenue growth across U.S. and international, with consolidated subscription revenue uplift of 30% YoY in Q4'25
- Core Life360 subscription revenue growth of 33% YoY in Q4'25, benefitting from strong Paying Circles growth of 26% YoY

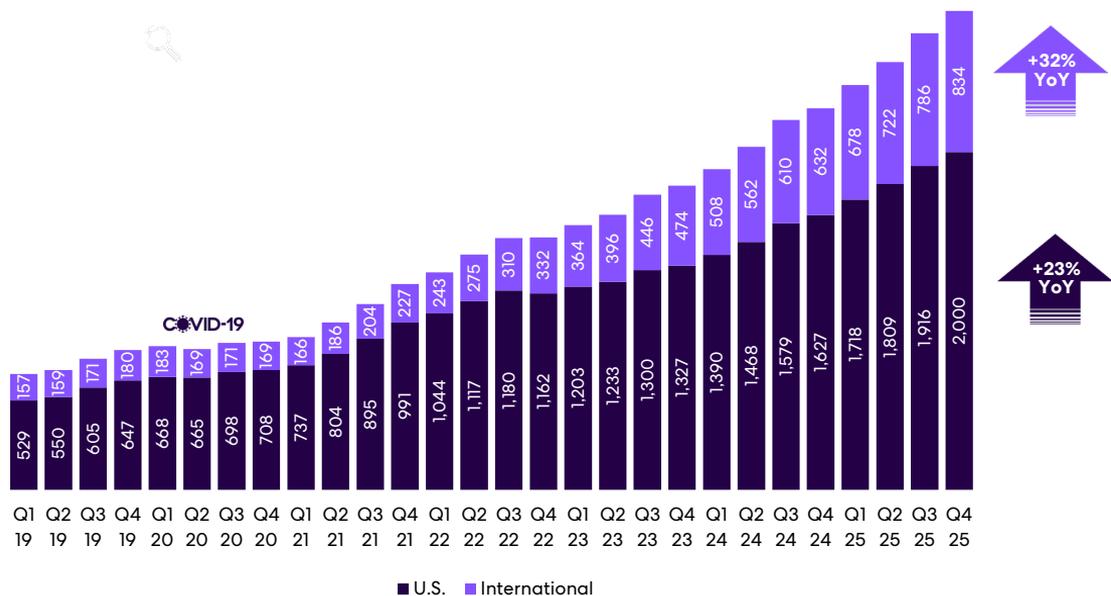

- Core Life360 Subscription revenue growth also supported by price increases in the U.S. and a shift in product mix towards higher priced products. The U.S. price increases impacted new and existing annual subscribers beginning in the second half of 2024 and continuing into 2025

- Additional uplift from international regions implemented in 2024 due to legacy subscriber price increases and the launch of higher priced membership tiers in non-Triple Tier markets, as well as continued growth in existing Triple Tier markets

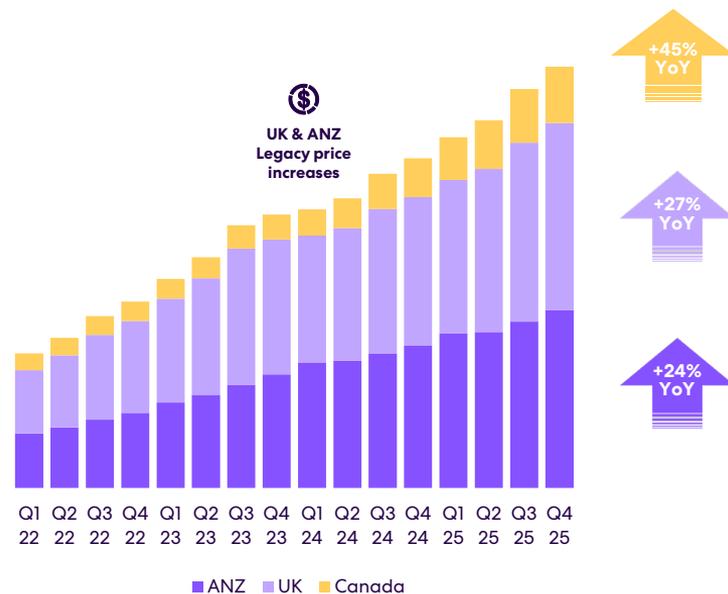

# Paying Circles

Q4'25 year over year growth of 26%, while raising prices and improving customer value

Paying Circles by Geography (000s)

International Triple Tier Countries Paying Circles (000s)

# Average Revenue Per Paying Circle (ARPPC)

Triple Tier launches and annual subscription price increases driving ARPPC in the U.S. and internationally

Average Revenue Per Paying Circle (ARPPC) (\$)¹

International Triple Tier Countries Revenue

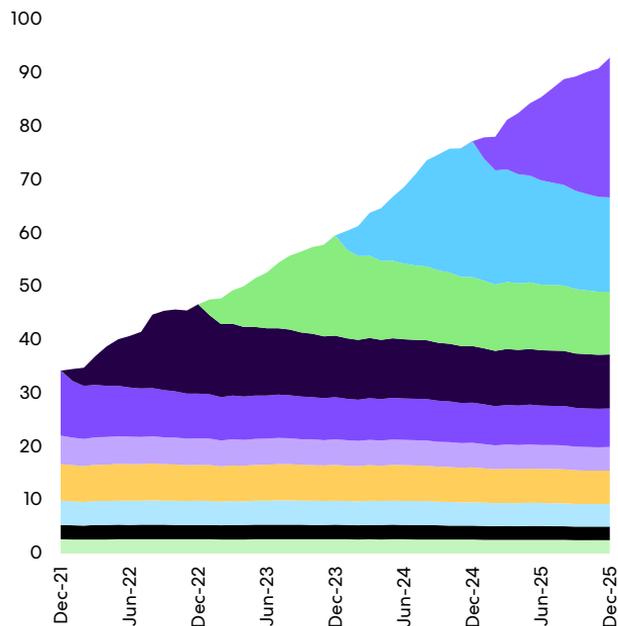

¹ U.S. Price increase took effect across all Membership tiers starting in August 2022.

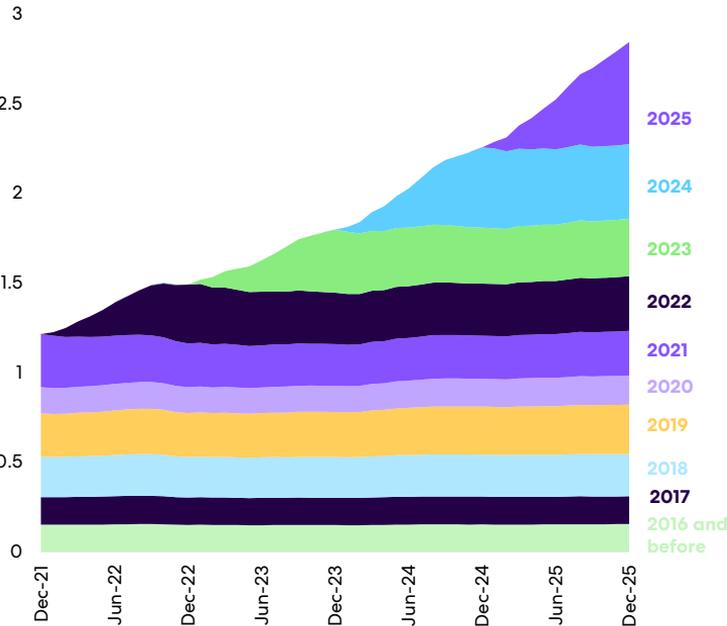

² The uplift to global ARPPC was tempered by a 5% increase in the weighting of international Paying Circles as a percentage of global Paying Circles, reflecting faster growth in international regions that have lower pricing relative to the U.S.

# Strength of Free User Engagement Drives Consistent Net Subscriber Retention Over Time

Global MAU by Member Registration Year (M)

Global Paying Circles by Member Registration Year (M)

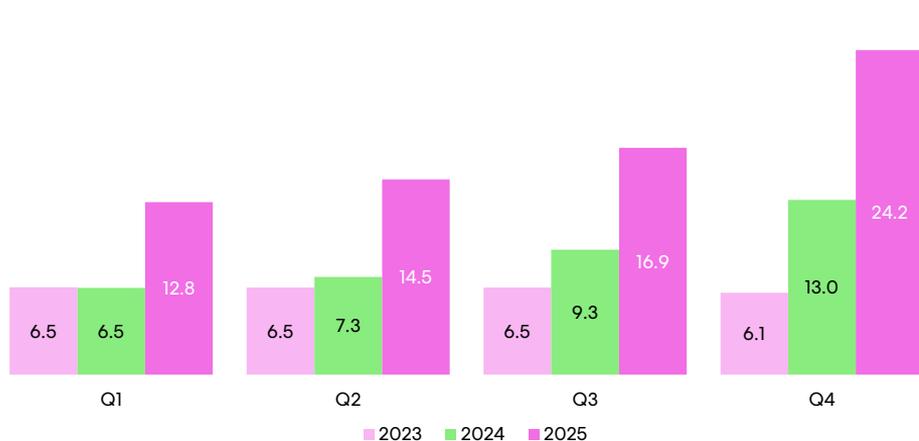

- MAU and Paying Circles by member registration year have **increased over time, demonstrating strong retention dynamics and ability to convert free members to paid over the long-term**
- Consistent historical net subscriber retention across member registration years, driving net **subscription revenue retention rate that is approximately 100%**<sup>1</sup>

<sup>1</sup>Based on the average monthly subscription revenue for the six months ended December 31, 2025 compared to the prior six-month period

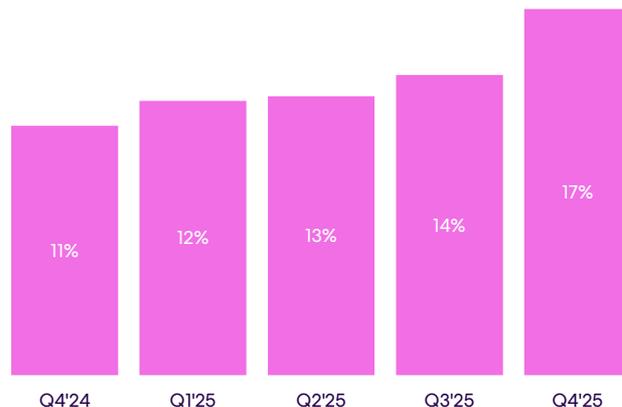

# Other Revenue

Revenue uplift supported by advertising ramp-up and continued monetization of free user base

Quarterly Other Revenue (\$M)

Other Revenue as % of Total Revenue

- Q4'25 Other revenue growth of 86% YoY reflects increases in data and partnership revenue, which includes advertising revenue, and is primarily due to a greater number of partners and higher spend under existing arrangements
- Significant uplift in Q4'25 YoY driven primarily by advertising revenue contribution

- Other revenue continues to expand as a percentage of total revenue, driving positive impacts on gross margin
- Expectation of significant long term growth potential as part of broader advertising and free user monetization strategy

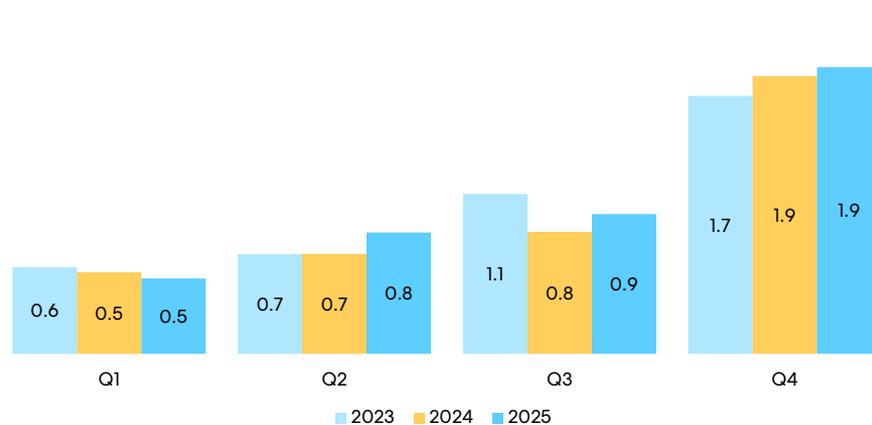

# Hardware Revenue

Continued growth in percentage of Life360 subs with an active linked Tile

Quarterly Hardware Revenue (\$M)

Quarterly Hardware Units Shipped (M)

- Q4'25 hardware revenue decrease of 19% YoY, as higher unit shipments were more than offset by increased promotional and competitive discounts and lower revenue related to bundled offerings

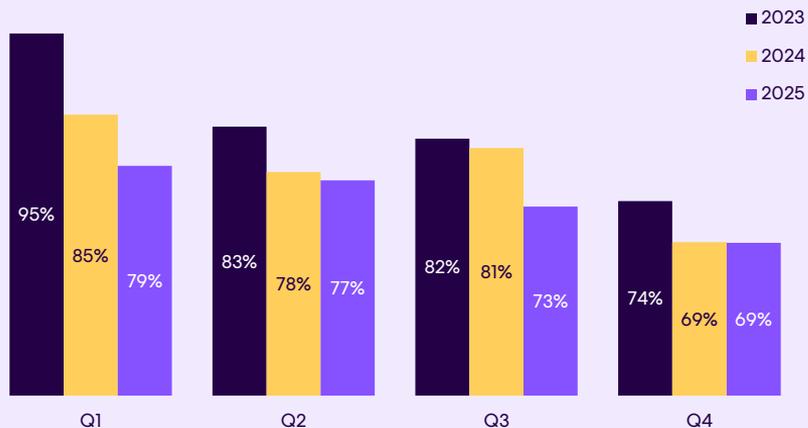

- Q4'25 net hardware units shipped increased 3% YoY primarily driven by increased online retail demand

- Continued growth in Tiles sold into Life360 user base, which is expected to continue with full integration of premium Tile features into Life360 app

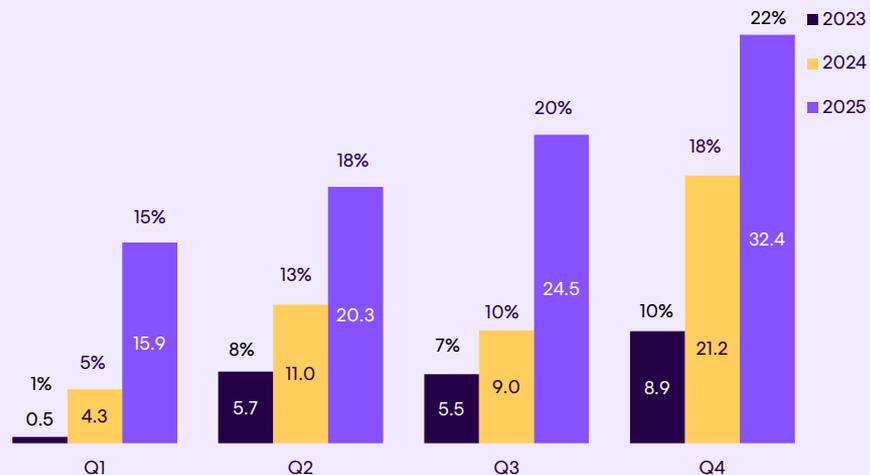

# Expanding Profitability

Leveraging the cost base as we scale with strong Adjusted EBITDA margin expansion YoY

Operating Expenses Declining as a % of Revenue

Adjusted EBITDA (\$M) & Margin (%)

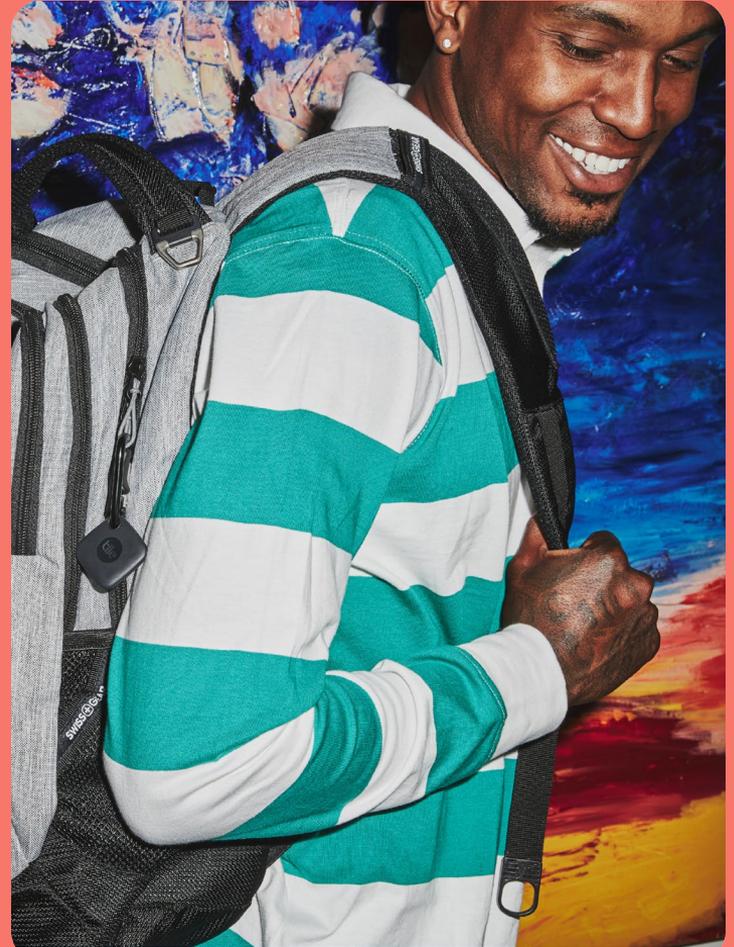

- Operating expenses as a % of revenue have declined over time, reaching 69% in Q4'25, demonstrating our ongoing focus on cost discipline and operational efficiency

- Adjusted EBITDA margin expansion to 22% in Q4'25 driven by strong subscription and other revenue growth and increased operating leverage

# FY 2026 Outlook

# Outlook

For FY'26, Life360 expects to deliver:

- **Global MAU growth of 20% year-over-year;**
- **Consolidated revenue of \$640 million to \$680 million (YoY growth of 31% to 39%), comprised of:**
  - **Subscription revenue of \$460 million to \$470 million (YoY growth of 25% to 27%);**
  - **Other revenue of \$140 million to \$160 million (YoY growth of 105% to 134%);**
  - **Hardware revenue of \$40 million to \$50 million; and**
- **Adjusted EBITDA<sup>1</sup> of \$128 million to \$138 million, which represents a margin of approximately 20%. Due to timing of investments in initiatives to support our growth, and seasonality, we anticipate Adjusted EBITDA to be lightly weighted in the first half of 2026, and heavily weighted in the second half of 2026.**

<sup>1</sup>Adjusted EBITDA is a non-GAAP measure. For more information, including the definition of Adjusted EBITDA, the use of this non-GAAP measure, as well as a reconciliation of Net Income to Adjusted EBITDA, see Appendix 3.

1 To reflect the change in fair value of the September 2021 Convertible Notes and derivative liability associated with the July 2021 Convertible Notes.

2 Relates to the settlement of the July 2021 Convertible Notes and September 2021 Convertible Notes.

3 Relates to the changes in fair value of the Related Party Investment and the Convertible Note Investment. Refer to the FY 2025 10-K for the definition and additional information on the Related Party Investment and Convertible Note Investment.

4 The Company recorded a significant one-time, non-cash income tax benefit for the year related to the release of a valuation allowance, based on the Company's current and projected taxable income, supporting the realizability of deferred tax assets.

5 Includes depreciation on fixed assets and amortization of intangible assets.

6 Relates to costs incurred in connection with the acquisition of Nativo, Inc., the Convertible Note Investment, and the asset acquisition of Fantix, Inc., including one-time bonus payments.

7 Relates to non-recurring warehouse relocation costs in connection with the move of certain hardware manufacturing operations.

8 Relates to non-recurring personnel and severance related expenses.

We collect and analyze operating and financial data to evaluate the health of our business, allocate our resources and assess our performance.

### Adjusted EBITDA

In addition to total revenue, net income and other results under GAAP, we utilize a non-GAAP calculation of adjusted earnings before interest, taxes, depreciation and amortization ("Adjusted EBITDA"). Adjusted EBITDA is defined as net income (loss), excluding (i) convertible notes and derivative liability fair value adjustments, (ii) gains and losses on the settlement of convertible notes and derivative liabilities, (iii) gain (loss) on change in fair value of investments, (iv) benefit from income taxes, (v) depreciation and amortization, (vi) interest income, (vii) other expense, net, (viii) acquisition and investment related transaction costs, (ix) stock-based compensation, (x) warehouse relocation costs, (xi) IPO-related transaction costs, including secondary offering costs, and (xii) workplace restructuring costs.

These items are excluded from Adjusted EBITDA because they are non-cash in nature, because the amount and timing of these items are unpredictable, or because they are not driven by core results of operations and render comparisons with prior periods and competitors less meaningful. We believe Adjusted EBITDA provides useful information to investors and others in understanding and evaluating our results of operations, as well as providing useful measures for period-to-period comparisons of our business performance. Moreover, we have included Adjusted EBITDA in this presentation because it is a key measurement used by our management team internally to make operating decisions, including those related to operating expenses, evaluate performance, and perform strategic planning and annual budgeting. However, this non-GAAP financial measure is presented for supplemental informational purposes only, should not be considered a substitute for or superior to financial information presented in accordance with GAAP, and may be different from similarly titled non-GAAP financial measures used by other companies. As such, you should consider this non-GAAP financial measure in addition to other financial performance measures presented in accordance with GAAP, including various cash flow metrics, net income (loss) and our other GAAP results.

The table presents a reconciliation of net income (loss), the most directly comparable GAAP measure, to Adjusted EBITDA.

Note: Numbers may not add or recalculate due to rounding.
